Magnetic Mounting

Long Mounting

1.

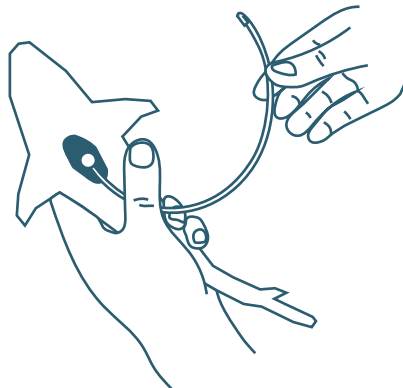

Unscrew the sculpture from the back of the inner cardboard using the Allen key.

2.

Use the Allen key to carefully remove the ball mount.

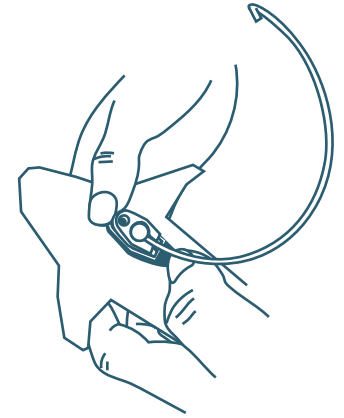

3.

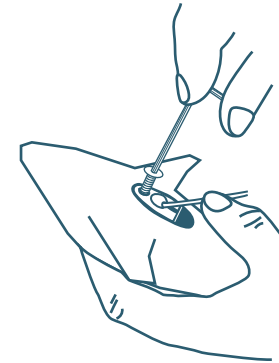

Choose a mounting option and place the ball end at the bottom of the notch.

4.

Carefully place the ball mount over the ball end and press it in until it sits flush at the top.

5.

Now tighten it by reinserting the screw.

6.

The final step: find a suitable spot in your home and attach the sculpture to the wall using the designated wall mounting screw. Use the dowel, if necessary.
